Wetting Agent Options

MATADOR

Matrix Active
Soil Surfactant

Long Residual, Deep Penetrant

- Innovative block polymer technology
 - Breaks down Hydrophobic coatings
 - Balances Root Zone Moisture Capability
 - Improved Oxygen Level
 - Increased Plant Stress Tolerance
 - Increased Microbial Activity
- \$65.00 per gallon
3.0 -6.0 oz /1000 sq ft
-

Soil Penetrant—Mid Level Residual

Dual Active Penetrant

- Reduces Surface Tension
 - Aids in soils with High Organic Contents
 - Increases Water Penetration
- \$40.00 per gallon
2.0 - 4.0 oz /1000 sq ft
-

Moves Salts & Bicarbonates

Organic Acid Penetrant

- Proprietary combination of soil surfactants and organic acids
 - Conditions hydrophobic soils
 - Aids in the removal of bicarbonates and sodium
 - Excellent for Irrigation Injection
- \$25.50 per gallon
16 - 24 oz / acre
-

Soil Wetting Agent
Mycorrhizae and Humic Complexes

Spot treatment for LDS

- Proprietary Blend of Surfactants
 - Contains Plant Available Amino Acids
 - Contains Beneficial Bacteria and mycorrhizae
- \$268.00 per case of 20
1 tab / 22,000 sq ft
